

MYOLNIR T25/T30 REMOTE-CONTROLLED 25/30MM WEAPONS STATIONS FOR VESSELS

Installation reference:

ARC "PUNTA ARDITA"

They are two steel and naval aluminium warriors, each measuring 45.25 meters in length and 7.1 meters in width. These new units of the National Navy will have the primary mission of protecting human life at sea, conducting maritime interdiction operations, patrolling and monitoring maritime spaces, and providing support in border control operations to detect, intercept, and inspect vessels.
